Dear Members, Supporters, and Friends—

In a moment in time marked by challenges and change for so many, YWCA Bergen County is working with more purpose and determination than ever to fulfill our promise to the community.

Together with the many wonderful individuals, businesses, organizations, community partners, and grant funders who help make our vital programs and services possible, we are advancing our mission of eliminating racism and empowering women; serving our members with our aquatics, fitness, and wellness programs for everyone from babies through seniors, including the underserved and those with special needs; expanding sexual assault awareness and prevention while supporting survivors of sexual violence and their loved ones; and improving the lives of women, girls, and families across our community.

Our programs improve lives, inspire positive change, and create opportunities. But we don’t do it alone. The power of our work comes from what we achieve together. Join us as we look back at the collective optimism, vision, commitment, and action that make our service to the community possible each and every day.

Together on a mission,

FEES-FOR-SERVICE
PROGRAMS

BEFORE & AFTER CARE PROGRAM
As a partner to schools and families throughout Bergen County providing child care since 1972 and community services since 1920, YWCA Bergen County simplifies life for parents and guardians, enriches children, and supports district and community goals through its high-quality, affordable before and after care program as well as school vacation days and summer camps.

Our highly trained staff—exceeding the standards set by NJ Department of Children and Families—supports children in their social, emotional, intellectual, and physical development. We create a safe, positive environment that balances school work, enrichment, fun, and friendship so children begin and end their school day both prepared and relaxed.

Beyond homework, we engage students in activities and teamwork in STEAM, community service and philanthropy, financial literacy, appreciating diversity, caring and kindness, and creativity.

SUMMER CAMPS
Our American Camp Association-accredited summer camps Ma-Kee-Ya and Orinda with staff from our before and after care programs ease the transition from school to summer and back. Campers ages 5 to 12 and Counselors-in-Training ages 13 to 16 can come for a week or the whole summer to make friends, have fun, and learn new skills.

As a National Inclusion Project partner for our child care programs and camps, we use the Let’s ALL Play model to bring children with and without disabilities together to participate in activities that improve self-esteem, confidence, empathy, and leadership skills while building new friendships.
